Full stack app using Bootstrap, user levels and login/reg to simulate social media. Each user has a profile, messages, and comments.

EDUCATION

JUN 2018 - SEP 2018

Web Development Graduate, Triple 'Black' Belt

Coding Dojo, Seattle

- Project-based learning with extremely aggressive schedule (typically 12 hours/day)
- ~180 Whiteboarding challenges of increasing complexity. ~30 smaller projects designed to introuce new features and their integration for each stack.
- 3 exams (full-stack web-app in 4.5 hours) and 3 week-long group projects using GIT.

JAN 2010 - AUG 2014

Bachelor of Arts Political Science, 3.66 GPA
Washington State University, Pullman

Relevant Courses :   Intro to Logic, Calculus, Micro-Economics, Philosophy, Accounting *Introduction to Computer Science and Programming.

WORK EXPERIENCE

JUL 2016 - JUN 2018

English Teacher | Vietnam
Đoàn Thị Điểm, Hanoi

Brief Description : Combined the use of modern technology and intelligently crafted lesson plans to educate Vietnamese 6th, 8th, and 10th graders. This position not only honed my creativity and planning skills, but also took my communication and public speaking skills several, several levels up.

JUL 2014 - JUL 2016

Patient Care Coordinator
Renew Physical Therapy, Seattle

Brief Description : This position was in marketing; though not titled as such. I oversaw both our B2B marketing efforts and social media. Most importantly I helped maintain and eventually build a new partially-raw code website using HTML, CSS, and Javascript.
